

AUGUST 2019

SCIENCE @ KIDZ CLUB

This year's National Science Week is on the 10-18 August, and the theme is "Past Missions to the Moon, Space Programs". Introducing Science into our programming can encourage children to explore and investigate their environment through play. Such play may allow children to interact with a range of hands on science experiments such as frothy volcano eruptions, lava lamps, creating giant bubbles and watching an amazing Forensic Science Show from School Incursions & workshops and with lots more. Science can promote social skills, increase confidence levels and raises awareness of sustainability science and all of the

Blossoming Butterflies

This month the Baby Room will be looking and feeling a range of sensory textures. Interactive Experiences:

- Blow bubbles and encourage children to touch, watch and pop as they float around
- Touch and feel material textures such as wool, corduroy and velvet
- Shaving cream painting to encourage texture and design
- Simple science experiments such as skittles in water, pepper and dish wash liquid, volcano vinegar and bicarb.

Terrific Turtles

The Toddler Room will be looking at the book "Dear Zoo" and continuing the zoo theme through out the month. Looking at the natural habitats and behaviours of animals within the book.

Interactive Experiences:

- Make animal masks with paper plates
- Read the book Dear Zoo and learn and share facts about our pets
- Make collage with wild animals
- Dress up in a range of animal costumes to use imagination through play
- Play various animal games such as stomping like an elephant, jumping like a frog, slithering like a snack etc.

Keen Kittens

Through children interests the Kindy Room will be learning about Science Week - investigation, problem solve, inquiry learning etc. Also reading books and story telling for book week.

Interactive Experiences:

- Cooking- using ingredients to make Moon Cookies
- Planet Colour in Sheets
- Making the Planet Saturn activity
- Set up Book Week area - Books, poster, cue cards
- Discussion interesting Science facts with children
- Setting up the experience of a Potions Lab
- Science experiment with Artic Freeze
- Setting up the experience of a Journey to space
- Sensory table of Marvellous Magnets
- Sensory table of Archaeological dig

Special Calendar Dates

National Aboriginal & Torres Strait	
Islander Children's Day	4
Homeless Persons Week	4-10
Dental Health Week	5-11
National Science Week	10-18
International Day of the World's	
Indigenous Peoples	9
Book Week	19-23
International Youth Day	12
CBCA Book Week	17-23

Special Events & Performances in August 2019

EYLF Learning Outcomes

1. Children have a strong sense of Identity.
2. Children are connected with and contribute to their world.
3. Children have a strong sense of wellbeing.
4. Children are Confident and Involved Learners.
5. Children are Effective Communicators.

- ◆ Boppa the Clown on the 8th @ 10:30
- ◆ Forensic Science Show 14th @ 10.30
- ◆ FlybyFun Kids Science Party on 22nd @ 10.30
- ◆ Book Week Parade Every day 19th –23rd, theme "Reading Is My Secret Power"
- ◆ TTC Library visit on 27th @ 10.30
- ◆ Dental Visit by a dental hygienist
