

To the Moon

We look to the stars this month and dream about distant planets, time and space. The children at Kidz Club will discover interesting themes about the solar system

Interactive Experiences

Art

- Space Telescopes
- Planetary mobiles
- Super star craft
- Rocket blasters

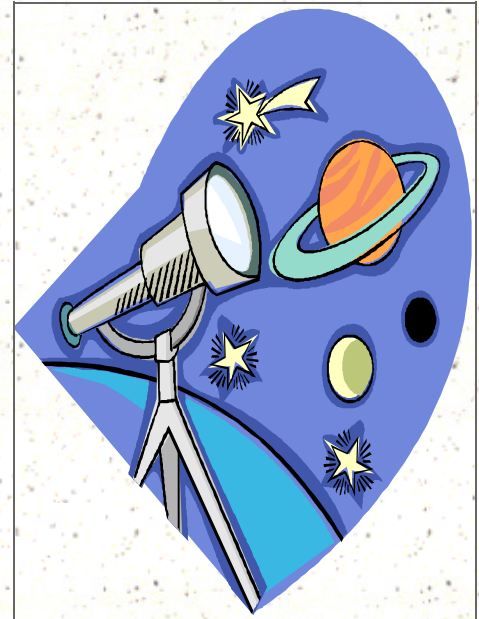

Science & Maths

- Time and space activities
- Moon rocks

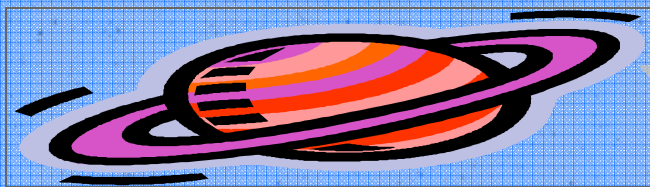

Special Guest Performers

- Zig Zag Balloons-
Thursday 6th June, 10am till 12pm.
- Sci World will hold a Stardome experience.
Wednesday 19th of June, 10 am till 11:30

The theme for this month explores space, time and planets.

Next months theme will be selected by the interest of the children.

HAPPY SPACE TRAVEL TO ALL.....

Whilst structuring this months current activities we always endeavor to focus on the EYLF Curriculum and the Five Learning Outcomes, which are:
Children have a strong sense of identity, children are connected with and contribute to their world, children have a strong sense of wellbeing, Children are active and involved learners and children are effective communicators.
