

# Family, Friends & Community!

October 2013

Kidz Club we acknowledge the importance of family, friends and community, that make up such a vital role in of each of the children lives. We learn more about friendship skills and traditions of families from around the world. Also this month we will continue to focus on our Community, this program provides the children with an insight into the various organization that support the community and ensures that everyone who lives in Australia always feel safe. Our teachers will research and share their knowledge with the children about this exciting topic.

**So October is Full of Family, Friends and Community!!!!**
