

November 2023

Reduce, Reuse, Recycle

National Recycling Week is an annual event held in Australia to promote and encourage recycling and waste reduction. It is held in November and is organised by Planet Ark, and this week aims to raise awareness about the importance of recycling and provide information and resources to help individuals, businesses and communities improve their recycling practices. At Kidz Club we had KESAB visit, which informed children of the values of recycling and how to reuse and reduce waste.

Blossoming Butterflies

Healthy Lifestyle
